Matches to start at 6.00 p.m. unless otherwise agreed between captains.

No player may play more than four games, excluding team darts. Each player may play a maximum of two cue games (pool, and snooker). To avoid delays, if both teams have players available, games are to be started without waiting for others to finish, i.e. don't fill in the all the names of players for particular events at the start and then say "we can't play darts just now because our darts player is playing snooker at the moment..."

Please return completed form to Tony, Pavilion Bar
